

Ohio Intensive Soybean Management Workshop

Tuesday, January 20, 2015 • 9:00 A.M. - 4:00 P.M.
The first of four across the state

Paulding County Extension Office
503 Fairground Drive, Paulding, OH 45879

CCA, CEU, and Pesticide (Commercial and Private) Credits have been requested

Join OSU Extension as we present a hands-on, intensive soybean management workshop for Ohio Crop Producers that will help you become a more profitable soybean producer. This workshop will feature Dr. Laura Lindsey, Ohio State University Soybean/Wheat Extension Specialist; Dr. Andy Michel, Ohio State University, Field Crop Extension Entomologist; Dr. Steve Culman, Ohio State University's Soil Fertility Specialist and Dr. Anne Dorrance, Ohio State University's Field Crop Extension Pathologist.

Agenda

9:00: Welcome/Registration
9:15: Soybean Management – removing the limitations; *Laura Lindsey, OSU Soybean & Small Grain Specialist*
10:15: Soybean Fertility – what's different from corn; *Steve Culman, OSU Nutrient Management specialist*
11:15: Soybean Insect Pests – why late season leaf & pod feeders are eating our lunch; *Andy Michel, OSU Entomologist*
12:15: Lunch
1:00: Soybean disease – understanding seed treatments, variety interactions as well as Soybean Cyst Nematode – managing the unseen; *Anne Dorrance, OSU Soybean Plant Pathologist*
3:00: Local on-farm research results - overview and discussion of future needs.
3:30: Final questions, wrap up, complete surveys

In addition to the great presentations throughout the day, participants will receive a soybean management notebook. The notebook will include the following publications:

- Management of White Mold
- Soybean Cyst Nematode Management Guide
- Ohio Agronomy Guide
- Profitable Soybean Disease Management Guide
- Corn, Soybean, Wheat and Alfalfa Field Guide
- Soybean Growth & Development
- 2015 Ohio & Indiana Weed Control Guide
